

Nursing Forward

A Publication of the Wisconsin Board of Nursing (BON)

September 2015

Chair's Corner

By Dr. Jeffrey G. Miller, DNP, ACRN, APNP

Jeffrey Miller

As this edition of the *Nursing Forward* goes to print, we are beginning the autumn season. What a wonderful time of year, especially in Wisconsin! Everyone is busy preparing for the return to school, the upcoming holidays and of course the winter months.

As the Board of Nursing (BON) moves into the autumn season, we too are preparing for the return to school. Every year the BON receives numerous requests from schools of nursing to present information about the Board, its roles, and functions. Regrettably, the BON has not been able to meet the requests due to limited availability of Board members. Instead, the BON has developed an alternative plan to respond to these requests.

First, an informational video has been developed and placed on the BON webpage. It can be accessed at: <http://dps.wi.gov/Boards-Councils/Board-Pages/Board-of-Nursing-Main-Page/>

I want and need to acknowledge Board members, Sheryl Krause, Luann Skarlupka, and Julie Ellis for all their work on this project. Thank you all very much.

Second, the BON will be setting aside time during future monthly board meetings to respond to teleconference call-ins from students who have reviewed the video and have further questions. The first call-in session is scheduled for October 8, 2015. All schools of nursing have been provided information regarding the process for the teleconferencing.

In the May edition of *Nursing Forward*, readers were alerted to the proposed new Nurse Licensure Compact (Compact). The National Council of State Boards of Nursing (NCSBN) had a special meeting on May 4, 2015 to vote on whether to adopt the new Compact. NCSBN membership voted to adopt the new Compact language and to adopt a compact for APRNs. Please refer to NCSBN's website at www.ncsbn.org for more information regarding the Compact.

At the July BON meeting, there was open discussion regarding the new Compact and consensus from the public was that Wisconsin needs to be

part of a compact, either the current one or the new version. The Board will continue to monitor which states adopt the new Compact and provide updated information as it becomes available.

As always, the BON works very diligently to maintain the professionalism of nursing and to protect the public. We will continue to provide updated information with respect to legislative changes, education, and the Compact. Please continue to read *Nursing Forward*, attend Board meetings and provide us with feedback and concerns. Enjoy your autumn!

New BON Member — Jodi Johnson, R.N.

By Jodi Johnson, RN, MS

Jodi Johnson has nearly 20 years of experience in clinical and nursing leadership. A Stevens Point native, she feels fortunate to have the opportunity to offer high quality health care to the people of central Wisconsin. Johnson's special areas of interest include patient satisfaction, high quality patient care, employee growth and satisfaction, and incorporating lean principles to improve efficiency.

Jodi earned her Bachelor's Degree in Nursing from the University of Wisconsin – Oshkosh and her Master's Degree in Nursing Practice, with role preparation as a Pediatric Nurse Practitioner, from the University of Wisconsin – Madison. As the healthcare landscape in Wisconsin is changing rapidly, nursing holds great opportunity and responsibility and Jodi expresses a strong desire and appreciation to be a member of the Board of Nursing.

Jodi is a high-energy, high-achiever who finds passion in caring for others. A triathlete and two-time Ironman finisher, you'll often find her swimming, biking or running. She is an energetic person who loves the active things in life. She also enjoys outdoor sports and spending time with her family and friends.

Students Can Learn About the BON

By Dan Williams, Board of Nursing Executive Director

The Wisconsin Board of Nursing (BON) has periodically received requests from nursing instructors asking for a Board member to provide a presentation to their classroom. The BON is unable to send its members to the many schools who have asked for such an appearance. The BON has instead developed a plan to respond to these types of requests. An informational video has been created and placed on the BON website. (<http://dsps.wi.gov/Boards-Councils/Board-Pages/Board-of-Nursing-Main-Page/>)

In addition, the BON plans to set time aside during future monthly meetings to respond to teleconference call-ins from students who have reviewed the video and have further questions. The first call-in session is being planned for October 8th.

Further details about the process of calling in for the October teleconference need to be addressed to Executive Director Dan Williams prior to September 23. He can be reached at:

Dan1.Williams@wisconsin.gov

Answers From the BON

A question and answer feature will be added to upcoming issues of the *Nursing Forward Newsletter*. Questions on nursing profession rules, legislation, board procedure, licensing, standards, and more are welcome. The Board hopes to be more accessible and clarify its mission through this new feature. Questions may be sent to Dan1.Williams@wisconsin.gov with "Q&A Nursing Forward" in the subject line. Keep in mind that questions regarding specific cases or of an individual nature cannot be addressed here.

Controlled Substances Wasting Practices

By Sheryl Krause, RN, MS, ACNS-BC

If you are a nurse who administers controlled substances, are you aware of the requirements for wasting unused medications at your facility? Do you ever find that you don't take the time to waste medications according to the policy? Have you gotten into the habit of "witnessing" medication wasting without actually observing the medication being wasted? The Board of Nursing would like to take this opportunity to emphasize the importance of properly wasting unused portion of controlled substances.

When medications are handled appropriately, patients remain safe and nurses don't face disciplinary action. Nurses who fail to properly waste the unused portion of controlled substances may be disciplined even if there is no evidence of diversion. Facilities employ a variety of monitoring techniques in order to promote medication safety and deter diversion of controlled substances. It is vitally important for you to account for all of the medication you remove from your facility's dispensing system. Take time to review and follow your facility's requirements for administering and wasting controlled substances. Protect your patient, your reputation, and your nursing license.

2015 NCSBN Annual Meeting: A United Mission for Regulatory Excellence

By Sheryl Krause, RN, MS, ACNS-BC

Luann Skarlupka and Sheryl Krause served as Wisconsin delegates at the annual meeting of the National Council of State Boards of Nursing (NCSBN) on August 19-21 in Chicago. NCSBN staff and members of the Board of Directors provided updates regarding several regulatory issues, including the Enhanced Nurse Licensure Compact, APRN Compact, adoption of the NCLEX-RN in Canada, and new networking tools. During the Delegate Assembly, the delegates elected board members for the 2016 fiscal year and approved recommendations from the Board of Directors.

Three informative and engaging speakers presented educational sessions. Dr. Rhona Flin, Professor at the Industrial Psychology Research Centre in Aberdeen, Scotland, presented her research on competency assessment of non-technical skills such as situational awareness, decision-making, teamwork, and leadership. Dr. Doris Gundersen, Medical Director of the Colorado Physician Health Program, discussed the implications of legalized marijuana. Attendees heard an inspiring story of adventure and determination as Polly Letofsky recounted her journey across twenty-two countries by foot. Polly became the first woman to walk around the world, while partnering with individuals and service organizations to raise breast cancer awareness and funding for local programs.

Kathy Apple, MS, RN, FAAN, received special recognition for her exceptional leadership as CEO of NCSBN from 2001-2015. She also received the inaugural NCSBN Founders' Award. Kathy is planning to retire at the end of September. David Benton, RGN, RMN, BSc, M Phil, PhD, FFNF, FRCN was introduced as the new CEO. He is currently CEO of the International Council of Nurses (ICN) and will assume his CEO duties at NCSBN on October 1.

For more information about NCSBN meetings and conferences, including selected video presentations from past events, please go to www.ncsbn.org.

Enforcement Actions of the Board of Nursing

The Board of Nursing, with help from staff at the Department of Safety and Professional Services, can take action against licensed nurses around the state to help protect the profession and the citizens of Wisconsin. You may search for any of the Board Orders listed below on the Department's website by using this link:

Board Order Search: <http://dsps.wi.gov/Other-Services/Lookup-Orders-Disciplinary>

Disciplinary options available to the Board:

Reprimand - A public warning of the licensee for a violation.

Limitation of License - Imposes conditions and requirements upon the licensee, imposes restrictions on the scope of practice, or both.

Suspension - Completely and absolutely withdraws and withholds for a period of time all rights, privileges and authority previously conferred by the credential.

Revocation - To completely and absolutely terminate the credential and all rights, privileges and authority previously conferred by the credential.

Non-disciplinary options available to the Board:

Administrative Warning - Issued if violation is of a minor nature, a first occurrence and the warning will adequately protect the public. The issuance of an Administrative Warning is public information, however the reason for issuance is not.

Remedial Education Order - Issued when there is reason to believe that the deficiency can be corrected with remedial education, while sufficiently protecting the public.

DSPS Launches Improved License Look-Up Tool

The Department of Safety and Professional Services (DSPS) has launched its new and improved License Look-Up tool. License Look-Up provides real-time information about the license status of professionals in Wisconsin. You can use this tool to check that professionals including licensed practical nurses and registered nurses hold a valid Wisconsin license in good standing. This access allows consumers and employers like you to make better-informed decisions when hiring and putting your trust in Wisconsin nursing professionals.

We recently updated this feature to make it more accessible and easy to use on cell phones, tablets, and other mobile devices. [Click here](#) or visit <https://app.wi.gov/licensesearch> to try it out.
